Overview
Methodist University Hospital offers a postgraduate year two (PGY-2) residency in Emergency Medicine Pharmacy Practice. The purpose of the program is to provide the resident with the knowledge, skills and attitudes required to achieve potential excellence as a clinician, educator and scholar in the area of emergency medicine. Our institution is home to a brand new 50 bed Emergency Department that sees approximately 75,000 patients per year. In addition, our institution has a 24-bed medical intensive care unit (ICU), an 8-bed surgical ICU, an 8-bed transplant ICU, a 16-bed neurocritical care unit, and a 16-bed cardiac surgery ICU. Our institution is also currently undergoing a $280 million expansion that will bring out total number of ICU beds to 112 when the new tower opens in early 2019. Residents have the opportunity to complete a Trauma rotation at an off-site institution in downtown Memphis. Residents are expected to perform independently and demonstrate proficiency in their rotations. The residency preceptor provides guidance and assistance to the resident and ensures that the goals set forth by the resident and the program is met. The preceptor also provides the resident with frequent evaluation of their progress, including a written evaluation at the conclusion of the rotation. All residents are expected to demonstrate self-initiative, independent learning skills, and effective communication skills throughout the residency. Frequent, clear communication is the key to a successful resident/preceptor relationship.

Program Expectations
- Provide clinical pharmacy services to patients in the emergency department
- Co-precept pharmacy students and PGY1 residents
- Initiate, complete, and present a practice-based research project at a regional or national meeting, as well as submit for publication
- Provide effective drug education to patients, caregivers, and health care personnel
- Develop and deliver an ACPE-accredited CE presentation as well as 1 lecture at UTCOP
- Support hospital and pharmacy quality and safety initiatives
- Successfully achieve residency learning goals and objectives as required or elected

Learning Experiences
Core Rotations (each one month in duration)
- Orientation
- Adult Emergency Medicine - University Hospital (5 months)
- Pediatric Emergency Medicine - Le Bonheur Hospital
- Trauma (off site)
- Research

Electives
- Internal Medicine
- Cardiology
- Community Hospital Emergency Medicine
- Second month of Core or Selective rotation

Longitudinal Experiences
- Toxicology Monthly Conference
- Research Development Series

Critical Care Selective (must complete one)
- Medical ICU
- Neuro ICU

Staffing and On-Call Experience
- Serve as clinical On-call backup preceptor (approximately every 8 weeks)
- Pharmacy Practice Staffing (36 shifts per year)
Learning Experiences (continued)

Additional Learning Experience

- EMS ride along with Memphis Fire Department
- Teaching certificate (if not completed during PGY1 year)
- BLS/ACLS/PALS provider course
- ACLS instructor course
- Weekly Resident Conference
- Critical Care/EM Pharmacy Conference
