Dear Applicant,

I would like to thank you for your interest in the Methodist LeBonheur Healthcare Diagnostic Medical Sonography Program. I look forward to reviewing your application and meeting you personally.

Diagnostic Medical Sonography is a unique and challenging field in the health professional team. It takes a very special person to deal with the stress, personal patient contact and clinical expertise required to perform the job of a sonographer. It is the Diagnostic Medical Sonography Program’s purpose and responsibility to help you discover this fascinating career and the important role it plays in the care of the patient.

Shadowing is available upon request. Please contact our office at (901) 516-8099 to schedule an appointment.

This application packet has been compiled to introduce our Program and includes information you may find helpful. Included in your packet is:

- Introduction Letter
- Program Description
- Program Mission, Goals and Curriculum
- Admission Requirements
- Technical / Physical Standards
- Financial Requirements
- Application Form

If you have any questions regarding the contents of this packet, please do not hesitate to contact me.

Sincerely,

Tamera Ghelichkhani, RDMS
Program Director
Diagnostic Medical Sonography Program
PROGRAM DESCRIPTION

The Diagnostic Medical Sonography Program at Methodist Healthcare, offers two programs in sonography: A Cardiac Sonography Program and a General Sonography Program.

The General Sonography Program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP) which provides a peer review process administered by the Joint Review Committee on Education in Diagnostic Medical Sonography (JRC-DMS).

Commission on Accreditation of Allied Health Educational Programs (CAAHEP)
25400 US Highway 19 North
Suite 158
Clearwater, FL 33763
(727) 210-2350
http://www.caahep.org/

Joint Review Committee on Education in Diagnostic Medical Sonography (JRC-DMS)
6021 University Boulevard, Suite 500
Ellicott City, MD 21043
443-973-3251
http://www.jrcdms.org/

The programs provide quality clinical and didactic instruction to a small group of select students in their field of choice. Students designate a field of study which allows them focus on a particular area of interest and allow maximum development of expertise. Students choose from one of the following options:

OPTION 1: General Ultrasound (15 months)
Encompasses abdominal imaging (liver, gallbladder, pancreas, kidneys, etc.), superficial structures, and obstetric and gynecologic imaging. Additional didactic and clinical experience is provided in vascular imaging (arteries and veins throughout the body).

OPTION 2: Cardiac Ultrasound (15 months)
Consists of adult echocardiography (imaging of the heart). A didactic introduction to vascular imaging (arteries and veins throughout the body) is provided.

Upon completion of a program, the student is eligible to apply for a choice of certifying exams given by the American Registry of Diagnostic Medical Sonographers (ARDMS).

Successful completion of these examinations enable the individual to use the title “Registered Diagnostic Medical Sonographer” (RDMS), “Registered Diagnostic Cardiac Sonographer” (RDCS) and/or “Registered Vascular Technologist” (RVT).

Methodist Le Bonheur Healthcare is associated with the North Arkansas, Mississippi and Memphis Conferences of the United Methodist Church and serves as a model for an integrated system of services that is person-centered and responsive to the mission and ministry of healthcare.

Methodist Healthcare – Memphis Hospitals is one of the largest private not-for-profit hospitals in the country with more than 1,700 licensed beds. The 917-bed University Hospital is a tertiary care and referral center located in the Memphis medical center. In March 2002 MLH signed an affiliation agreement with the University of Tennessee Health Science Center to become the primary private teaching site for medical education and to further emphasize research. Le Bonheur Children’s Medical Center, with 225 beds, is the Mid-South’s only pediatric medical center serving a six-state referral area and also serves as the primary teaching site for the Department of Pediatrics at the University of Tennessee. Methodist South, a 200-bed acute care hospital, Methodist-North, a 234-bed acute care hospital, Methodist Le Bonheur Germantown, a 209-bed acute care hospital, Le Bonheur Children’s Medical Center and University Hospital all operate under one license comprising Methodist Healthcare-Memphis Hospitals. The Diagnostic Medical Sonography Program is located on the ground floor of the Crews Wing of University Hospital, the largest campus of Methodist Healthcare-Memphis Hospitals.

All medical specialties and most sub-specialties are represented on the MLH medical staff which numbers more than 1200. Among the outstanding and comprehensive programs are neurology/neurosurgery, oncology, cardiology, ophthalmology, obstetrics/gynecology, pediatrics and gamma-knife.

DMS Clinical affiliates of the General and Cardiac Tracts include: (clinical sites subject to change)

- MH-University
- MH-University - Cardiology
- MH-North
- MH North - Cardiology
- MH-Germantown
- MH Germantown – Cardiology
- MH-Le Bonheur Children’s Medical Center
- Methodist Diagnostic Center
- MH-South
- MH-South - Cardiology
- MH Sutherland Cardiology
- Regional One Health High Risk Obstetrics
- Memphis Cardiovascular Center- Cardiology
- St. Jude Research Hospital - Cardiology
School Mission Statement
The Methodist LeBonheur Hospital Diagnostic Medical Sonography Program will graduate students with the entry-level employment skills and knowledge required of a registered diagnostic medical sonographer to think critically while performing sonographic procedures and highest of patient care. The Program will fulfill its mission to the community with graduate sonographers who are critical thinkers, competent through the evaluation and achievement of the program goals listed below, as well as compassionate while performing sonographic procedures and delivering patient care.

Program Goals (Cognitive, Psychomotor, Affective)
"To prepare competent entry-level general sonographers in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains"

1. Students/graduates will be clinically competent.
   Utilize critical thinking while performing diagnostic medical imaging.
   Utilize proper positioning and scanning skills.
   Practice highest quality of care for the patient, self, and others.
   Successfully perform diagnostic medical sonography procedures accurately.
   Document all anatomy, physiology, pathology pertinent to the each sonographic procedure for physician interpretation.
   Assist physicians, radiologists and other pertinent medical personnel with invasive and noninvasive procedures.
   Knowledge of the process of becoming a registered sonographer upon graduation and continue education through the professional sonographic organizations and seminars.
   Bimonthly student evaluations/documentation by Sonographers required.

2. Students will demonstrate problem solving and critical thinking skills.
   Adapt and maintain skills in diagnostic medical sonography techniques under the supervision of a registered sonographer as required to become registered.
   Adjust technical imaging factors for all sonographic procedures.
   Maintain functioning of all sonographic equipment.
   Gather necessary data for sonographic procedures and make skilled judgements necessary for a diagnosis.
   Evaluate sonographic images for diagnostic quality.
   Bimonthly student evaluations/documentation by Sonographers.

3. Students will be able to communicate effectively with patients, staff, and others.
   Demonstrate oral and written communication skills effectively.
   Bimonthly student evaluations/documentation by Sonographers.

4. Students will demonstrate an understanding of professionalism.
   Maintain an understanding of ethical, professional and legal values.
   Effective and compassionate communication and education
   Understand the importance of professional organizations and continued learning within the profession.

Upon graduation of the program, all students will have demonstrated and completed all clinical and academic competencies required for eligibility to apply and take the American Registry of Diagnostic Medical Sonography (ARDMS) certification exams in the area(s) of study to become a registered Diagnostic Medical Sonographer.
## Individual Program Curriculum Overview

### 1st Semester DMS - General Track
- Intro To Diagnostic Medical Sonography and Patient Care
- Sonography, Principles & Instrumentation I
- Abdomen I
- Gynecology
- Obstetrics I
- Small Parts and Superficial Structures
- General Scan Lab I
- General Clinical Education I

### 1st Semester DMS - Cardiac Track
- Intro To Diagnostic Medical Sonography and Patient Care
- Sonography Principles & Instrumentation I
- Electrophysiology / Cardiology Principles I
- Echocardiography Techniques
- Adult Echocardiography I
- Cardiac Scan Lab I
- Cardiac Clinical Education I

### 2nd Semester DMS - General Track
- Sonography Principles & Instrumentation II
- Vascular I
- Abdomen II
- Obstetrics II
- General/Vascular Scan Lab II
- General/Vascular Clinical Education II

### 2nd Semester DMS - Cardiac Track
- Sonography Principles & Instrumentation II
- Electrophysiology / Cardiology Principles II
- Adult Echocardiography II
- Cardiac Scan Lab II
- Cardiac Clinical Education II

### 3rd Semester DMS - General Track
- Sonography Principles & Instrumentation III
- Vascular II
- Abdomen III
- Obstetrics III
- Neurosonography
- General/Vascular Scan Lab III
- General/Vascular Clinical Education III

### 3rd Semester DMS - Cardiac Track
- Sonography Principles & Instrumentation III
- Advanced Echocardiographic Techniques
- Adult Echocardiography III
- Intro to Pediatric Echocardiography
- Cardiac Clinical Education III

### 4th Semester DMS - General Track
- Review Sonography Principles & Instrumentation
- Review Abdomen / Superficial Structures
- Review OB/Gyn
- General/Vascular Clinical Education IV

### 4th Semester DMS - Cardiac Track
- Review Sonography Principles & Instrumentation
- Review Adult Echocardiography
- Review Cardiology Principles
- Cardiac Clinical Education IV

---

In view of the ever-changing field of Diagnostic Medical Sonography, the above courses may be revised as deemed necessary by the Program Director and faculty without prior notification to the student.
ADMISSION CONSIDERATION REQUIREMENTS:
To have this application considered for class commencing in January of each year, an applicant must:

1. Ensure an accurate and complete application packet, current from our website, along with a $50 application fee (non-refundable), is received by this office NO LATER than Sept 1. This packet must INCLUDE application & fee, pursuant paper, resume, 3 letters of reference, ALL ORIGINAL transcripts (student copy not accepted) from ALL colleges attended with completion of the MLH DMS Program pre-requisites college course credits, awarded degree OR current transcript documenting degree and award date of December 31st.

2. Latest deadline for incomplete courses/transcripts documenting required college courses and/or degree is December 31st. Call for any questions regarding transcripts and pre-reqs.

3. Be a graduate of a 2-year AMA or AMA-equivalent degree (this IS NOT equivalent to just an Associate’s Degree) which included and REQUIRED a completion of a clinical internship/externship in a medical clinical setting (i.e. Radiology Technology, BSN – Nursing, Respiratory Therapy, Radiation Therapy, Physical Therapy) and currently maintains an ACTIVE LICENSE – OR -- a 4-year Bachelor’s degree.

**** Please call with any questions regarding these requirements at (901) 516-8099.

Document a minimum of 2.0 grade for each of the following prerequisite college CREDIT level classes by December 31 prior to beginning in January:

** college credit hours and grade MUST be documented on the college transcript received
** Completion Certificate of a course DOES NOT equal college course credit

- General Physics for the Health Sciences (no lab required) or Intro to Physics (Kinesiology not accepted)
- Medical Terminology College Course (NOT continuing education credit)
- Human Anatomy and Physiology I (for the medical profession) (A & P II recommended, not required)
- College Algebra, Statistics, or higher mathematics course (High School Algebra not applicable)
- Communication Skills (Speech, English and/or Composition)

*** The courses above are the minimum required; additional Biology and Physics classes preferred.

1. Enclose a resume describing your professional employment history (include military service), professional training, volunteer experience and education (list all schools attended starting with high school and including present school) and sonography shadowing form. (a form is posted on our website).

2. Sonography Shadowing is made available for your career interest by our office. It is not required but highly recommended. Call to make an appointment: (901) 516-8099.

3. Complete Application Packets will ensure an interview, but is not a guarantee of admittance. Applicants who meet ALL requirements, participate in scheduled interviews by the admission committee. Acceptance of students is made by the admission’s selection committee based on previous scholastic record, interview performance and letters of reference.

4. At time of acceptance/admission, applicant must provide documentation of personal Health Insurance.

5. It is the responsibility of the applicant to arrange for the submission of OFFICIAL transcript copies from all colleges, including transfer college(s) and online college(s) and ensure this office receives them by Sept 1.
6. It is the **responsibility of the applicant** to call our office and verify **ALL** required information is received by **deadline of Sept 1**.

7. **Incomplete** application packets **WILL NOT** be considered.

8. Meet the technical standards for performing the duties of the Diagnostic Medical Sonography profession as established by the Program.

9. Pass a pre-admission background check and medical exam performed by Methodist Healthcare. Applicant must be in satisfactory physical, mental, and emotional health as determined by Methodist Healthcare.

**HEALTH AND PHYSICAL ABILITIES**

*Applicants must meet the following criteria:*

1. **Good physical health**
   - Physical stamina is required for the hard work involved: long periods on one’s feet, pushing and pulling equipment, lifting and positioning patients; continuous scanning may cause strain on legs, back, shoulder and wrist
   - Good use of hands for gripping, and squeezing, as well as repetitive hand and wrist motion
   - Free of communicable disease, as you will be working with sick patients and constantly exposed to communicable diseases and infections

2. **Communication Skills**
   - Effective communication skills are required, as sonographers must interact with patients and their families, clinicians, and peers in a variety of situations.
   - Ability to read, write and communicate both orally and written to other individuals
   - Normal vision, including subtle delineation of gray shades and color vision
   - Normal hearing to remain alert to audible signs of patient distress, equipment malfunction and safety hazard warning techniques.

3. **Technical Aptitude**
   - Ability to conceptualize images in three-dimensional form
   - Good hand-eye coordination

4. **Emotional Stability**
   - Ability to deal compassionately with patients in time of stress or crisis
   - Ability to remain unfrustrated and flexible by disruption of routine
**FINANCIAL REQUIREMENTS**

- **Application fee** - $50 *(sent with application, non-refundable)*
- **Tuition:**
  - 15-month General Program $10,500 *(nonrefundable due 1st day)*; remaining balance paid monthly ($607.14/month) and entire balance is required to be paid in full prior to graduation day
  - 15-month Cardiac Program $10,500 *(nonrefundable due 1st day)*; remaining balance paid monthly ($607.14/month) and entire balance is required to be paid in full prior to graduation day
- **Books** - $500-$700 *(approximately & students are responsible for ordering books before class start date)*
- **Technology Fee** - $150 *(one time, nonrefundable fee paid directly to online student reporting system)*
- **Activity/Lab Fee** - $150 *(nonrefundable and payable 1st day of class)*
- **Malpractice Insurance** - $25 *(nonrefundable, malpractice clinic insurance requirement, in addition to personal insurance requirement)*

**Some clinical rotations may require a parking fee and is sole responsibility of the student.**

**Tuition is subject to change**

**Monthly payments toward the total tuition requirement may be arranged by program director BUT required to be paid in full before graduation date.**

Individuals who show an interest in this advanced area of study and who meet the entrance requirements for the program, may submit the attached application.

The Admissions Committee will invite applicants meeting the entrance requirements, to participate in the interview process. The committee will evaluate by interview, transcripts, educational performance, references, scholastic record, attitudes, motivation, health, personality, and/or character of each applicant to indicate the likelihood of his/her success in the program and profession. Shadowing is recommended prior to interviews.

*Enrollment is limited.* All qualified applicants are screened and the **MOST OUTSTANDING** and **QUALIFIED** candidates are accepted to the Program.

______________________________________________________________________________

Summary of Required material for completion of your Application Packet:

 APPLICATION FEE - Enclose a non-refundable application fee of $50. If using check or money order, make payable to
Methodist Healthcare; must be received by Sept 1.

 PURSUANT PAPER – Compose and submit a brief typed written paper (less than 2 pages) regarding your desire and decision
to pursue a career in Diagnostic Medical Sonography; must be received by Sept 1.

 RESUME – Attach a resume describing your professional employment history (include military service), professional training,
volunteer experience and education (list all schools attended starting with high school and including present school); must be received by
Sept 1.

 TRANSCRIPTS - Official transcripts of college records and Allied Health Programs are required and must be mailed by the
institution directly to the Diagnostic Medical Sonography Program by Sept 1. The applicant must arrange for the
evaluation of any transcripts from schools outside the United States. A list agencies providing this service may be obtained
from the school office; must be received by Sept 1.

 LETTERS OF RECOMMENDATION - Please arrange to have three (3) typed letters of recommendation (one work-related, one
educationally-related, and one professionally-related or personal reference) sent directly to the Program Director; must be received by
Sept 1.

 SHADOWING – Job-Shadowing and documentation (downloadable form on website) within a diagnostic medical sonography
department is strongly recommended prior to application. This shadowing ensures a clear understanding of the tasks a
sonographer performs which is very important for understanding the career path. Job-shadows may be arranged at Methodist
University Hospital. You may contact us for the appointment at 901.516.8099.
ACADEMIC REQUIREMENTS REVIEW (#1 AND #2 PAGE 5 OF THIS PACKAGE ARE REQUIRED FOR APPLYING)

CHECK APPROPRIATELY ONE THAT APPLIES:

1. I am a:
   □ A graduate with a 4-year Bachelor’s degree
   Or
   □ A graduate of a 2 year AMA Medical Program must include and REQUIRES a completion of a clinical internship/externship in one of the following: Radiology Technology OR BSN – Nursing, Respiratory Therapy OR Radiation Therapy OR Physical Therapy and currently obtains an ACTIVE LICENSE in the 2 year AMA Degree. ***A 2 year Associate Degree that is not an AMA degree (see above) WILL NOT MEET this requirement.
A 2-year medical education program (AMA) that is patient-care related is defined as (1) 24 full-time consecutive calendar months or (2) 60 semester credits or (3) 84 quarter credits (4) and requiring a clinical rotation experience to complete the AMA program. Credit hours are based on U.S. equivalency in a post secondary institution. The program or school must be authorized by an accrediting agency to award semester or quarter credits and the type of credits granted must be reflected on the transcript. Transcripts reflecting clock hours must be converted to credit hours. If submitting a foreign degree, an original course by course foreign transcript evaluation must accompany the application summary and indicate the aforementioned requirements.

Required Info:
I plan to meet one of the above DEGREE requirements by _______________ (date)
***** (must be prior to Sept 1)

2. I have completed the following required college level courses with a minimum “C” or above grade and is documented of transcript as college credit hours:
   □ General Physics or Intro to Physics (a lab is NOT required, but optional) (Kinesiology not accepted)
   □ Human Anatomy and Physiology I (a lab is NOT required, but optional)
   □ Communication Skills / English / Composition
   □ Medical Terminology College Course- NOT continuing education course (online college credit course accepted)
   □ College Algebra or Higher Math (math dept courses only accepted)

Required info:
I plan to meet all the above pre-requisite requirement by ________________ (date)

*** APPLICATION PACKET and ALL program requirements MUST BE RECEIVED by our office by Sept 1.

Have you ever been discharged or placed on academic probation from any school?           Yes     No
If YES, please provide a written explanation
Have you ever previously applied for admission to a Diagnostic Medical Sonography program? Yes     No
Is YES, where? __________________________________________

Please read the following and sign:
The information I have provided in this application is true and accurate. I understand that any false statement, material omission or inaccuracy on my part will automatically disqualify this applicant from consideration.
I further understand that it is my sole responsibility to request OFFICIAL transcripts from ALL colleges attended, 3 reference letters and that all required information must be received by the Diagnostic Medical Sonography Program on or before the assigned deadline of Sept 1. I am aware that incomplete application packets will not be considered.
Date: ____________________   Signature: _______________________________________________

After receipt of your completed application packet (including letters of reference and transcripts) an interview will be scheduled for you with the Admissions Committee. Interviews will be scheduled in early November.

An equal opportunity is offered to each applicant regardless of race, color, religion, gender, national origin, disability and age

Please submit completed application to:
